GET OUT THERE

ETMO

Mit all unserer Erfahrung im Aluminiumrahmenbau haben wir einen robusten, langlebigen Rahmen entwickelt, inspiriert vom kompromisslosen und preisgekrönten eONE-EIGHTY, aber in einem noch vielseitigeren Gesamtpaket. Das ETMO bietet 160 mm Federweg (ETMO 500 PRO: 140 mm Gabel und 143 mm hinten) und Mullet-Laufräder, was es auf jedem Terrain schnell, verspielt und kontrollierbar macht. Dank der bewährten Bosch-Unterstützung gibt es für jedes Einsatzprofil und jedes Budget die passende Kombination – mit 800 Wh Akku und Bosch CX-Motor.

SERIOUS PLAYTIME

DIRT

Unser neues Spass-Hardtail wurde für Big Air, Pumptracks, Tricks und generell für die härteste Gangart entwickelt. Mit einem robusten, aber schlichten Aluminiumrahmen, 26"-Laufrädern und Komponenten, die einiges wegstecken können, bietet es eine fünfjährige Garantie der Kategorie 5 (Freeride und Downhill). Entwickelt, um unser Gravity-Bike-Sortiment zu vervollständigen, ist es der perfekte Partner für Rider, die ihre Fähigkeiten verbessern oder ihre Dirt-Karriere mit einer robusten, stylischeren Option als einem normalen MTB-Hardtail starten wollen, oder deren Budget nicht für unsere vollgefederten MTBs oder E-MTBs mit viel Federweg reicht.

FAST ON ANY SURFACE

MISSION

Da sich Unterkategorien wie Aero, Endurance, Gravel usw. kontinuierlich weiterentwickeln und zu eigenständigen Kategorien heranwachsen, werden Bikes immer spezifischer, um den Fahrern genau das zu bieten, was sie suchen. Unser neues MISSION schliesst die Lücke zwischen unserem SCULTURA ENDURANCE auf der einen und dem SILEX auf der anderen Seite – insbesondere in zentralen Punkten wie Reifenfreiheit und Geometrie. Die Möglichkeit, größere Reifen zu verwenden – die Komfort, Grip und verbesserte Offroad-Fähigkeiten bieten – ist wichtig. Doch auch die Geometrie hat einen erheblichen Einfluss darauf, wie sich das Bike in bestimmten Fahrsituationen verhält. Die Geometrie des MISSION liegt zwischen der des SCULTURA ENDURANCE und dem SILEX, um einerseits seiner Road-DNA mit präzisem Handling und spritziger Beschleunigung treu zu bleiben, es andererseits aber auch geländegängiger zu machen.

SPEED IS OUR HERITAGE

REACTO

Nur die Aerodynamik weiter zu verbessern, wäre bereits Herausforderung genug gewesen. Doch anders als viele Mitbewerber wollten wir nicht einfach nur unter die 200-Watt-Marke im Windkanal kommen. Unser Anspruch war es, eines der aerodynamischsten Bikes zu entwickeln – ohne die beeindruckenden Komfort- und Kontrolleigenschaften zu verlieren – und gleichzeitig jedem Fahrer die Möglichkeit zu geben, das perfekte REACTO für seinen individuellen Fahr- und Rennstil zu finden. Parallel dazu hat unser Designteam die ikonische REACTO-Silhouette neu interpretiert – frischer, schärfer und dynamischer. Das Bike sollte eine stärkere Identität erhalten und auf den ersten Blick klar als MERIDA REACTO erkennbar sein – besonders im direkten Vergleich mit Wettbewerbsmodellen. Das Ergebnis ist eine Hommage an alle Speed-Liebhaber und Gewichtsfetischisten, die ein einzigartiges Bike suchen: agil, präzise und kompromisslos auf eine Richtung ausgerichtet – nach vorne.
